

CREATIVE CURTAINS & INTERIORS

Made to Measure Curtains, Blinds, Soft Furnishings, Shutters, Upholstery,
Home Decor and Interior Design Services - All Supplied & Fitted

ESSEX • HERTFORDSHIRE • LONDON

Creative Curtains & Interiors has been a family-run business for nearly 40 years.

We pride ourselves on offering our clients quality handmade curtains, soft furnishings, blinds and shutters, as well as a full interior design service.

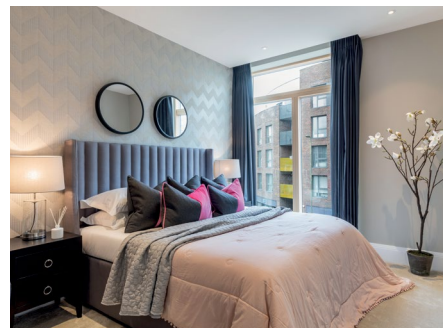

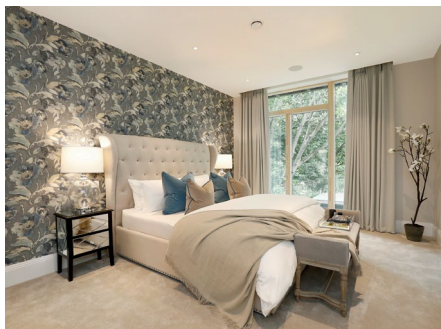

Although styles have changed over the years, one thing that hasn't is our commitment to offering the best personal service you simply wouldn't get from department stores. We will be more than happy to guide you and take you through the whole process from the initial designing stage, through to the installation.

With a huge range of successful and diverse projects, from 8 bedroom homes to 1 bed apartments, we also like to work with developers (large & small), architects, care homes, landlords and take on commercial projects including hotels and offices.

You can feel assured that we have the experience and expertise to help you design and create your perfect home interiors.

CURTAINS

We offer a wide range of curtain designs, from traditional to ultra-modern, simplistic to ornate. All of our curtains are bespoke and made to the highest standards of quality. We have an extensive collection of fabrics available for you to view in our showroom, or we can arrange a home visit for your convenience.

BLINDS

We sell an eclectic range of Blinds that can be selected to co-ordinate and compliment your home. Our range of blinds includes Roller blinds, Roman blinds, Venetian blinds, Motorised blinds, Vertical blinds, Day & Night blinds, Visage blinds, and Allusion blinds. They are all made to measure so they will fit your windows beautifully.

Most products can be motorised for your complete convenience and security purposes. Over recent years motorisation has become more mainstream, affordable and user friendly. Please call us for more information about motorised blinds and curtain tracks.

SHUTTERS

Our collection boasts an array of shutter styles including wooden, plantation, full height, tier on tier, and shaped shutters. Our team is equipped to not only supply these shutters, but to also create and install them according to your unique specifications.

INTERIOR DESIGN

At Creative Curtains & Interiors, we provide a comprehensive Interior Design service that caters to all your needs. Our services include designing curtains, blinds, soft furnishings, furniture, lighting, paint, wallpaper, artwork, as well as free-standing and fitted furniture.
